COVID-19 RISK ASSESSMENT – GYM SUPPLEMENTARY ISSUES

This is to be read in conjunction with the College General Risk Assessment

Item	Hazards	Who, and how might they be harmed?	Actions already taken to reduce risk	Is more needed to control this risk? No	Yes if yes, what controls are needed	Action by whom?	Action by when?
1	**COVID-19**	Who: **Staff & others** How: **Infection with COVID 19 virus during equipment use**	**1. In the aerobics room alternate machines would be marked as out of use to as to maintain user separation, this would reduce building capacity.** **2. In the weights room separation would be maintained be reducing building occupancy.** **3. Use of the gym to be restricted via a booking system limiting access to eight students (if four people are playing squash, i.e. if both courts are in use) or four if only the weights and aerobics room are used. Access to the building is restricted only those members who have undertaken the online introduction to the gym. Guests are not permitted.** **4. Each bookable gym and squash court session will be of one hour duration. Members may book four exercised sessions per week with up to two sessions taking place in one day.** **5. Additional virucidal sprays and cloths/ wipes adjacent to equipment, hand sanitiser dispenser also installed upstairs.** **6. Touch points of equipment, including mats, should be cleaned before and after use by users.** **7. The gym would be open for reduced hours in order for scouts to thoroughly clean the facilities once each day. Opening hours wlil be reviewed periodically,** **8. Face coverings to be worn when a venue is in multiple occupation. Gloves are unlikely to be sufficiently durable, emphasising the need for equipment to be sanitised.**		**Y**	Upstairs hand sanitizer dispenser. Amend resource booking system accordingly.	Asst.
