Instructions for making a payment to St Catherine's College in US Dollars:

As the College has a USD account there is an option to transfer USD straight to that account from a USD account overseas. We do an 'in-house' conversion of dollar receipts using an online converter (<https://www.oanda.com/currency-converter>)
Although any dollar receipts remain in dollars in the bank.

To make a transfer in dollars please just estimate the amount of dollars required – you can use Oanda – but do not instruct your bank to send a sterling amount. If you do this, your bank will convert your dollars to sterling which will then be converted back to dollars to credit our USD account. This means there are two exchange conversions at completely differing rates by different banks and can be extremely costly on currency loss.

If you simply send an amount of dollars there is no conversion by any bank. It is most unlikely that your receipt is going to be exact and match the sterling charge but if there is a small shortfall the difference can be paid by card on arrival, or if there is an overpayment, we can refund this via our UPay system.

If you want to send a sterling amount then please use our sterling bank account.

Please note that you must provide a reference with your payment and this should be the name of the applicant (not the payer) so that we can match the payment to the student.

Any queries please contact cathy.steiner@stcatz.ox.ac.uk
